

**Public Notice**  
**11 October 2021**

**For Inviting Online Applications for National Aptitude Test-2021**

**Pilot Launch**

NTA firmly believes that the right candidates joining best institutions will give India her demographic dividend. It envisages that besides acquired knowledge and skills, it should include skills for future that would be expected in them, say after 5 years. These are Technical Skills, Creativity, Emotional Intelligence (EQ), Analytical Thinking, Growth Mind-set, Decision Making, Inter-personnel Communication, Adaptability have been identified as skills for future. Therefore NTA is planning to conduct National Aptitude Test-Ability Profiler.

The National Testing Agency (NTA) announces conduct of NAT-2021 as per the following details:
